As a highly skilled Graphic Designer, I read your posting for a new Graphic Designer with interest. My experience aligns well with the qualifications you are seeking at Essence of Email, in particular my role as Graphic Designer that I had at PWorld, and I am certain I would make a valuable addition to your organization.

With more than 5 years' experience as Graphic Designer, I am adept in concept design, project management, and final design implementations. Moreover, while my on-the-job experience has afforded me a well-rounded skill set, including first-rate multi-tasking communication abilities, I excel at:

- Designing layouts, producing images and developing styles for websites, social media profiles and corporate communications.
- Contributing creative ideas during corporate brainstorming sessions.
- Prioritizing workloads and coordinating multiple ongoing projects.
- Implementing SEO and SEM tactics to get measurable results.

In addition to my experience and personal qualities, I have a solid educational foundation and a passion for design. I am extremely enthusiastic about Essence of Email focus on social media and marketing channels and would welcome the opportunity to contribute to you and your clients' ongoing business success.

Please review my attached resume and online portfolio for additional details regarding my expertise and career achievements. I will follow up to request an appointment to discuss how my experience and background meets your needs.

Thank you for your time and consideration.

Sincerely,  
Stefan Trajkov
